

Montgomery County Cross Country Championship Meet

Record Book

Presented by mocorunning.com

2017

Dear Reader,

Thank you for downloading this record book. I have long admired the detailed state meet programs and state record books published by the MPSSAA. I desired similar record books for the Montgomery County Championship Meets, but no such books existed. Furthermore, detailed meet results were all but lost to newspaper archives. To me, this was not acceptable in the digital world in which we live today.

For the past two years, I sought out results for every county championship meet for cross country, indoor track, and outdoor track. This involved many hours at a microfilm machine and digging through old boxes of junk belonging to coaches who hang on to such things. Many more hours were spent organizing the collected data so that the results are now available online and sorted several ways in this record book. After sifting through the data found in these pages, I know that you will agree that the effort was well worth it.

In future revisions, I will update the lists and rankings to reflect the most recent county championship meet, and I also hope to sprinkle in more tidbits about the history of the meet. Your feedback and encouragement for major undertakings like this is welcome.

Mocorunning.com has been a source of cross country and track & field news, results, statistics, analysis, and photographs for Montgomery County since 2006. Mocorunning.com is not affiliated with MCPS, but it is owned and operated by a proud product of Gaithersburg High School and MCPS. I hope that you enjoy reading this book as much as I enjoyed creating it.

Montgomery County Cross Country Championship Meet Venues

1977-1984	- Lake Needwood
1985-1988	- Calverton-Fairland Park
1989-1993	- Watkins Mill High School
1994	- Poolesville Polo Grounds
1995-1997	- Watkins Mill High School
1998-1999	- James H. Blake High School
2000-2001	- Gaithersburg High School
2002	- John Poole Middle School
2003-2010	- Gaithersburg High School
2011-2017	- Gaithersburg High School – Bohrer Park Course

Montgomery County Cross Country Championship Meet History

What is a county championship meet? From the mid-1980's and thereafter, the answer is obvious: it is the meet where every team in the county competes for bragging rights to secure a county ranking for the year, or better yet...a county championship title. Presently, the county championship is a meet that coaches and athletes circle on their calendars every year. It is a celebration of the best young runners in our community, regardless of school size or classification.

That definition of a county championship was not the definition known to coaches and athletes prior to the mid-70's. In the early-to-mid 70's, the term "county meet" referred to the collection of district meets. The district meets were the qualifying races for the state championship meet. The districts were divided into classifications: "AA" (largest), "A", "B", and "C" (smallest). Sometimes, the smaller classifications were combined into "BC" or "ABC" races. These district meets consisted of only Montgomery County schools and therefore the combination of district races was also referred to as the county championship meet. Multiple county champions were named each year - one for each classification. Those early county champions prior to 1977 were more akin to today's regional champions.

The present day notion of a "classless" county championship meet was in a sense born out of the evolution of women in running. Dottie Rowe from Gaithersburg High School was the first female high school runner in Montgomery County. In 1971, Rowe petitioned to run on the boys cross country team at her school. After initially being denied, that ruling was overturned and she ran with the boys team for the season. That paved the way for girls cross country in Montgomery County. (Williams, 1977)

By 1973, there were enough female runners in Montgomery County that some schools could field complete girls teams with five or more girls. These teams could compete in dual meets and invitationals, but cross country was not yet an official sport sanctioned by the MPSSAA for girls. Because there were no state championship races for girls, there were also no district meets for girls and the season might have ended abruptly after the last scheduled invitational meet. Instead of allowing this to happen, B-CC High School head coach Kerry Ward organized the first county championship meet for girls, a 2.3 mile hilly run at Lake Needwood. The inaugural race was completed by 37 girls. B-CC won that first team title behind individual champion Gale Morse (13:46). Whitman (2nd), Gaithersburg (3rd), and Springbrook (4th) were the other complete teams. Some of the participants nicknamed the meet the "Ms. Cross Country Championship" as an effort to draw attention to the fact that girls were running cross country. (Boss, 1973)

Under leadership of Coach Greg Dunston, Woodward High School took over ownership of the girls county championship meet in 1974 before finally in 1975 cross country became an officially sanctioned sport for girls in Maryland. Due to low statewide participation, there would be only one state championship race for girls with all classifications combined into one (as opposed to four boys' classifications). The girls then had a state-qualifying district race just like the boys, and because all classifications were combined into one, the district race for girls was exactly the same as the previous two county championship meets for girls.

In 1976, the state and district levels divided girls into two classifications based on school size, "AA" and "ABC." This ended the "classless" county championship race in Montgomery County, but one coach kept the idea alive. Coach Allan Bellman of Kennedy High School pushed for a true county championship meet, and his idea was realized with all teams combined into a single race in a new county championship meet format in 1977.

Unfortunately, the new championship meet was met with resistance from coaches who believed that it served no purpose and added one too many meets into the season schedule. Some coaches initially viewed the meet as a burden because it was scheduled so closely to the truly important state-qualifying meets. Many county teams

opted not to attend the first several county championship meets, or they simply sent their junior varsity squads. By 1981, the Montgomery Journal described the county meet attendance as "dismal." (Niewiaroski, 1981, Oct. 30)

In 1981, attendance at the county championship meet became mandatory, but some teams still sent their JV squads (Niewiaroski, 1981, Nov. 2). Bellman continued to champion the meet despite the resistance. In 1985, he moved the meet to Calverton-Fairland Park closer to his school (Kennedy HS) and when he took the coaching job at newly-opened Watkins Mill High School and later Blake High School, the meet followed him there, too.

Maybe some coaches' arms had to be twisted, or maybe the meet simply gained traction due to the awards, the media recognition, the bragging rights or simply the spirit of the competition. By the mid-1980's, the county championship meet was an annual tradition and the county crowns became coveted prizes for the elite athletes and teams.

As Bellman prepared to step away from coaching, Herb Tolbert of Gaithersburg High School picked up the reins and hosted the county championship meet at Gaithersburg High School almost every year from 2000 to present. The course initially utilized the Gaithersburg High School campus and Bohrer Park, but in 2011, the meet moved entirely to Bohrer Park due to construction on the Gaithersburg High School campus.

For the purposes of this book, the first true Montgomery County Championship Meet with boys and girls was in 1977.

Historical Throwback: 1977, 1987, 1997, 2007, 2016

1977 – 1977 marked the first county championship meet in the present day format with all classifications combined. The meet was held at Lake Needwood. No team scores were tabulated, and not every team in the county showed up. Some of the stronger teams of the era including B-CC were no-shows. B-CC would eventually win the girls ABC state title that year, but the first county championship meet was not devoid of talent. The first male county champion in this format, Gary Hopkins of Albert Einstein, went

on to win the individual A state title, and the first female county champion, Ruth Drengwitz of Northwood, went on to be AA state runner-up.

Northwood's Ruth Drengwitz defeated Virginia Forehand of Richard Montgomery High School with a 2-mile time of 12:26 for the first female county title. Gary Hopkins of Albert Einstein defeated runner-up Rich Coffin of Churchill High School with a 3.25-mile time of 17:26 for the first male county title.

Although team scores were not tabulated, the dominance of Northwood's girls and Churchill's boys was evident. Northwood's girls placed five runners among the top thirteen finishers while Churchill placed four runners among the top thirteen. Both the Northwood girls and Churchill boys went on to win AA state titles in 1977.

~~~

**1987** – 1987 marked the eleventh county championship meet with all classifications combined. The first seven meets were either unscored or won by the Churchill girls, but starting in 1984, the Whitman girls started a dynasty in which they won eight out of the next nine scored meets (the meet was unscored in 1985). By 1987, Whitman was right in the middle of that dynasty and no other team in MoCo was close. The Lady Vikings won their third consecutive title with 53 points while Rockville was runners-up with 120.

The Whitman boys team was in the middle of a similar, if not more impressive dynasty, but in 1987, Whitman suffered a defeat at the county championship meet at the hands of Walter Johnson High School. The Walter Johnson boys team won its first county title with five finishers in the top twenty. WJ scored 57 while Whitman scored 64.

Tom Eagleson of Whitman High School topped the boys field by 21 seconds with a winning 3-mile time of 16:05. Kim Many, a transfer student from Atholton High School to Kennedy High School, took down the two-time defending champion, Virginia Mattingly of Whitman, by almost a minute, 18:46 to 19:41.

While Eagleson and Many were clearly the cream of the crop in Montgomery County in 1987 (Many also won the prestigious Georgetown Prep Classic against the best in the DC area), both had rough days later at the state championship meet. Many finished just sixth in the AA competition, 33 seconds behind Mattingly. Eagleson finished 69<sup>th</sup> at Hereford that day.

1997 – It was easily the tightest county championship boys race of the 1990's and one of the closest races in county championship meet history. B-CC sophomore Jarrett Van Tine and Walter Johnson's David Glynn were reported to have exchanged leads multiple times over the final half mile before Van Tine outkicked his older rival by a mere 1.1 seconds, 16:06.53 to 16:07.63. It was reported to be a meet record by 27 seconds on the brutally hilly Watkins Mill High School 5k course.

Later that year, Glynn won the 3A state title and Van Tine won the 2A state title.

It was the eighth and final time that the Montgomery County Championship Meet was hosted at Watkins Mill High School.

Quince Orchard High School won its third girls county title in four years while the Whitman boys won their third consecutive county title.

The girls race was a landslide victory by Damascus's Hannah Benjamin who won by 46 seconds over the eventual 1A state champion, Kjetil Lowe of Poolesville. Later at the state championship meet, Hannah Benjamin was 3A state runner-up, but she finished faster than all runners in the 4A classification.

~~~

**2007** – In ideal sunny weather with temperatures climbing towards 70 degrees throughout the morning, male and female course records were broken on a course that had seven years of history at that point.

With a time of 15:41.09, Neal Darmody of Quince Orchard High School took down the course record of 15:48.44 set four years earlier by Andrew Jesien of Walter Johnson High School.

Darmody's 14-second win was dominant, but it was not quite as spectacular as Morgane Gay's 22-second win. Gay of Whitman High School took a commanding lead in the opening moments of the race and broke her own course record of 18:14 with a time of 18:09.42. The 2007 performance by Gay stands as the fastest ever on that course. That course was retired after 2010 when the school underwent construction.

Winston Churchill won its first girls county title in 16 years and its seventh in meet history. The Quince Orchard boys won their fourth county title in school history and second in a row.

~~~

2016 – It was the first time in meet history that the county championship meet was won by two eventual national qualifiers. The girls' champion, Abigail Green from Walter Johnson High School, ran the race unchallenged and smashed her own course record of 18:04.8 with a time of 17:46.62. Green went on to become a Footlocker National qualifier that year. Rohann Asfaw of Richard Montgomery High School won his second consecutive county title with a time of 15:33.72. Asfaw went on to qualify for NXN.

The Walter Johnson girls won their third consecutive county title and ninth in meet history. With that win, WJ tied Whitman High School as the winningest girls team in meet history. The Northwest High School boys team won its first county title since 2002 and third in meet history.

Montgomery County Championship Meet

Summary of Champions
1977-2016

Summary of Champions

Girls - MCPS Cross Country Individual County Champions

Year	Name	School	Time	Site	Team Champion
2016	Abigail Green	Walter Johnson	17: 44.62	Gai thersburg (Bohrer Park)	Walter Johnson
2015	Abigail Green	Walter Johnson	18: 04.8	Gai thersburg (Bohrer Park)	Walter Johnson
2014	Nora McUmber	B-CC	18: 12.45	Gai thersburg (Bohrer Park)	Walter Johnson
2013	Nora McUmber	B-CC	18: 09	Gai thersburg (Bohrer Park)	B-CC
2012	Nora McUmber	B-CC	18: 25.64	Gai thersburg (Bohrer Park)	B-CC
2011	Lucy Srour	Churchill	18: 51.6	Gai thersburg (Bohrer Park)	B-CC
