Record Book

Dear Reader,

Thank you for downloading this record book. I have long admired the detailed state meet programs and state record books published by the MPSSAA. I desired similar record books for the Montgomery County Championship Meets, but no such books existed. Furthermore, detailed meet results were all but lost to newspaper archives. To me, this was not acceptable in the digital world in which we live today.

I sought out results for every county championship meet for cross country, indoor track, and outdoor track. This involved many hours at a microfilm machine and digging through old boxes of files belonging to coaches who hang on to such things. Many more hours were spent organizing the collected data so that the results are now available online and sorted several ways in this record book. After sifting through the data found in these pages, I know that you will agree that the effort was well worth it.

Mocorunning.com has been a source of cross country and track & field news, results, statistics, analysis, and photographs for Montgomery County since 2006. Mocorunning.com is not affiliated with MCPS, but it is owned and operated by a proud product of Gaithersburg High School. I hope that you enjoy reading this book as much as I enjoyed creating it.

Montgomery County Cross Country Championship Meet History

What is a county championship meet? From the mid-1980's and thereafter, the answer is obvious: it is the meet where every team in the county competes for bragging rights to secure a county ranking for the year, or better yet: a county championship title. Presently, the county championship is a meet that coaches and athletes circle on their calendars every year. It is a celebration of the best young runners in our community, regardless of school size or classification.

That definition of a county championship was not the definition known to coaches and athletes prior to the mid-70's. Prior to 1977, the term "county meet" referred to the collection of district meets. The district meets were the qualifying races for the state championship meet. The districts were divided into classifications: "AA" (largest), "A", "B", and "C" (smallest). Sometimes, the smaller classifications were combined into "BC" or "ABC" races. These district meets usually consisted of only Montgomery County schools and therefore the combination of district races was also referred to as the county championship meet. Multiple county champions were named each year - one for each classification. Those early county champions prior to 1977 were more akin to today's regional champions.

The present day notion of a "classless" county championship meet was in a sense born out of the evolution of women in running. Dottie Rowe from Gaithersburg High School was the first female high school runner in Montgomery County. In 1971, Rowe petitioned to run on the boys cross country team at her school. After initially being denied, that ruling was overturned and she ran with the boys team for the season. That paved the way for girls cross country in Montgomery County. (Williams, 1977)

By 1973, there were enough female runners in Montgomery County that some schools could field complete girls teams with five or more girls. These teams could compete in dual meets and invitationals, but cross country was not yet an official sport sanctioned by the MPSSAA for girls. Because there were no state championship races for girls, there were also no district meets for girls and the season might have ended abruptly after the last scheduled invitational meet. Instead of allowing this to happen, B-CC High School head coach Kerry Ward organized the first county championship meet for girls, a 2.3 mile hilly run at Lake Needwood. The inaugural race was completed by 37 girls. B-CC won that first team title behind individual champion Gale Morse (13:46). Whitman (2nd), Gaithersburg (3rd), and Springbrook (4th) were the other complete teams. Some of the participants nicknamed the meet the "Ms. Cross Country Championship" as an effort to draw attention to the fact that girls were running cross country. (Boss, 1973)

Under leadership of Coach Greg Dunston, Woodward High School took over ownership of the girls county championship meet in 1974 before finally in 1975 cross country became an officially sanctioned sport for girls in Maryland. Due to low statewide participation, there would be only one state championship race for girls with all classifications combined into one (as opposed to four boys' classifications). The girls then had a state-qualifying district race just like the boys, and because all classifications were combined into one, the district race for girls was exactly the same as the previous two county championship meets for girls.

In 1976, the state and district levels divided girls into two classifications based on school size, "AA" and "ABC." This ended the "classless" county championship race in Montgomery County, but one coach kept the idea alive. Coach Allan Bellman of Kennedy High School pushed for a true county championship meet, and his idea was realized with all teams combined into a single race in a new county championship meet format in 1977.

Unfortunately, the new championship meet was met with resistance from coaches who believed that it served no purpose and added one too many meets into the season schedule. Some coaches initially viewed the meet as a burden because it was scheduled so closely to the truly important state-qualifying meets. Many county teams opted not to attend the first several county championship meets, or they simply sent their junior varsity squads. By 1981, the Montgomery Journal described the county meet attendance as "dismal." (Niewiaroski, 1981, Oct. 30)

In 1981, attendance at the county championship meet became mandatory, but some teams still sent their JV squads (Niewiaroski, 1981, Nov. 2). Bellman continued to champion the meet despite the resistance. In 1985, he moved the meet to Calverton-Fairland Park closer to his school (Kennedy HS) and when he took the coaching job at newly-opened Watkins Mill High School and later Blake High School, the meet followed him there, too.

Maybe some coaches' arms had to be twisted, or maybe the meet simply gained traction due to the awards, the media recognition, the bragging rights or simply the spirit of the competition. By the mid-1980's, the county championship meet was an annual tradition and the county crowns became coveted prizes for the elite athletes and teams.

As Bellman prepared to step away from coaching, Herb Tolbert of Gaithersburg High School picked up the reins and hosted the county championship meet at Gaithersburg High School almost every year from 2000 to present. The course initially utilized the Gaithersburg High School campus and Bohrer Park, but in 2011, the meet moved entirely to Bohrer Park due to construction on the Gaithersburg High School campus.

For the purposes of this book, the first Montgomery County Championship Meet with boys and girls was in 1977.

Historical Throwback: 1983, 1993, 2003, 2013, 2022

1983 – The Montgomery County Championship Meet returned to a scoring affair after team scores were not tabulated in 1982. The Whitman boys routed the field with 51 points over Churchill and Peary who tied with 92 apiece. It was the first of many county titles for the Vikings who won twelve boys cross-country county titles from 1983 to 1999. Kris Herdt and Eric Meleney led the way for Whitman with first and third place finishes in 15:43 and 15:51. Joe McGirr of Sherwood, who led early according to the Montgomery Journal recap, broke up the Whitman pair with a second-place finish in 15:50.

The girls race was billed as a showdown between defending county and state champion, Beth Jacobson of Kennedy High School, and the top Maryland finisher from a week prior at the Georgetown Prep Classic, Tammy DeVore of Churchill. Jacobson got her payback over DeVore by crushing the 2.5 mile course record at Lake Needwood in 14:44 and getting back at DeVore who finished as runner-up in 15:01.

Winston Churchill edged out Whitman 44 to 54 in the girls team competition. It was the fifth county title in six years for the Churchill girls, and who could say who might have won in 1982 when the meet was not scored?

Herdt, Jacobson, and DeVore won individual state titles later that season.

~~~

**1993** – It was the eighth county title in ten years for the Whitman girls while Quince Orchard boys got their revenge against Whitman after losing the county title on a tiebreaker the previous year. Walter Johnson boasted both individual champions.

Josh Orenstein of WJ won the boys individual title in 16:39.4 while Sally Glynn of WJ won her second consecutive county title by over a minute in 18:10.6. Glynn's win was the third largest margin of victory in meet history as the next fastest girl finished in 19:24.6.

Quince Orchard, despite just two runners in the top fifteen, beat out Whitman with its depth, 69 to 83.

Unfortunately for Whitman, the girls county championship title was the last positive news for a while as the season ended in controversy. The Whitman girls team did not make it to the regional meet starting line on time and did not qualify for the state meet. The drama played out for weeks through legal channels and the media and ultimately concluded with the resignation of legendary head coach, Kerry Ward.

~~~

2003 – Walter Johnson junior Andrew Jesien was probably favored by most to win the 2003 county title, but Gaithersburg junior Zachary Martinez cast doubt on that notion when he won the seeded race at the Georgetown Prep Classic over Jesien a week prior. Martinez pushed Jesien to a new county meet course record win, 15:48.4 to 15:50.5. That course record held until 2007, even through the senior year performances of Jesien and Martinez. Gaithersburg edged out Sherwood, 84 to 88, for its second boys team title in four years.

2003 marked the arrival of the twins, Halsey and Ashlyn Sinclair, from Montgomery Blair High School. The twins took off with an aggressive racing style and never looked back to the surprise of spectators who had not seen the freshmen before. Halsey Sinclair's win in 18:45.4 just missed Karen Pulliam's course record at that time of 18:45.3. Ashlyn Sinclair (18:53.9) became the only other runner besides Pulliam and her sister to break 19 minutes at the county meet at Gaithersburg at the time. That would change in the coming years as breaking 19 minutes became commonplace for MoCo girls after that.

The Northwest High School girls broke a streak of five consecutive county titles won by Walter Johnson High School. Northwest started a little streak of their own after their breakthrough in 2003 and would win four out of the next five girls county titles.

2013 – B-CC High School won its first ever boys county title and its third consecutive girls county title.

Chase Weaverling of Poolesville High School could not top his own course record set a year prior, but he settled for the #3 performance in the history of the Bohrer Park course: 15:31. As of this writing, Weaverling's 2012 county win was the second slimmest margin of victory in meet history among boys (0.34 seconds), and his 2013 county win was the third widest margin of victory in meet history among boys (28.0 seconds).

Speaking of margin of victory, B-CC junior Nora McUmbler had a pretty wide margin of victory in 2013, winning in 18:09 over second place Lucie Noall of Clarksburg (18:55). It was a course record at that time and remains the #6 performance ever recorded on the Bohrer Park course.

B-CC's girls packed 5 girls in the top 16 to win with 48 points, the second lowest point total scored by a girls team in the era of 25 high schools.

2023 – 2023 saw two first-time team county champions. The Poolesville High School boys team pulled off an upset over the pre-meet favorite Churchill boys, 84 to 97. The Poolesville boys had never finished higher than 7th place at the county championship prior to winning it in 2023. By contrast, the Wootton girls had been knocking on the door for a while with top five finishes in the previous five county championship meets. The Wootton girls team tallied 54 points for its best performance in meet history.

On a beautiful Saturday morning, Bethesda Chevy Chase High School junior Varri Higgins won her second individual county title by running away from the field in 18:39.

Richard Montgomery High School's Noah Fisher won the individual boys title by ten seconds in 16:06. Richard Montgomery runners won four out of seven individual boys county titles between 2015 and 2022 including two by Rohann Asfaw, one by Fisher and one by Garrett Suhr.
